

I. Quarterly Highlights

APICDA's employment goal for 2000 is to provide at least 80 jobs for local residents. By the conclusion of the second quarter, a total of 83 job positions (38 unique individuals) had been filled, generating wages of \$346,775.89.

During the second quarter, 37 individuals attended various vocational education or specialized training programs.

No individuals used APICDA higher education scholarships during the second quarter of the year. Effective January 1, 2000, APICDA increased its higher education scholarships from \$3,000 per individual per year to \$5,000 per individual per year.

APICDA hosted its second annual Community Outreach Conference in early May. The conference was attended by representatives from the local government, the village corporation, and the local traditional council or IRA from each of APICDA's eligible communities. The APICDA board and staff, as well as representatives from some of APICDA harvesting partners, also attend. The purpose of the conference was to discuss the future of APICDA, its subsidiaries, its impact upon each of the villages, and the goals and desires of the villages.

Bering Pacific Seafoods, L.L.C. opened in June. BPS is a joint venture between AJV and Aleutian Quality Seafoods, Inc., with each company owning fifty percent. BPS will initially operate the barge Dipper in False Pass, buying and processing salmon, Pacific cod, halibut, and other species. When the new boat harbor is constructed in False Pass, BPS will construct a shore plant adjacent to the harbor and expand its production.

AJV purchased seventy-five percent of the F/V *Konrad 1*. The vessel is a fifty-eight foot combination seiner/trawl/pot vessel. The *Konrad 1* will fish pollock for Trident Seafoods, Pacific cod for BPS, and tender salmon for BPS.

Halibut CDQ fisheries in Atka and St. George started in May and June respectively. At the end of June, both harvests were substantially ahead of last year's at the same time.

Please visit APICDA web site at: www.apicda.com

II. Community Development

A. Progress Toward Goals, Objectives, Milestones

The following is a review of the highlights from APICDA's goals, objectives, and milestones. See Tables 1 through 7 for a specific review of all milestones, by community.

1.) Employment: APICDA's employment goal for 2000 is to provide at least 80 jobs for local residents. By the conclusion of the second quarter, a total of 83 job positions (38 unique individuals) had been filled, generating wages of \$ 346,775.89.

2.) Training: APICDA's goal is to provide vocational education and training assistance for any resident who desires the opportunity or needs help. During the second quarter, 37 individuals attended various vocational education or specialized training programs.

3.) Education: No individuals used APICDA higher education scholarships during the second quarter of the year. Higher education scholarships are \$5,000 per school year per individual.

4.) APICDA Joint Ventures, Inc. (AJV) Activities: AJV activities during the second quarter consisted of overseeing the various subsidiary corporations, including Atka Pride Seafoods, Kayux Development, L.L.C., APICDA Vessels, Inc., the Nelson Lagoon Storage Company, L.L.C., the Nazan Bay Inn, Prowler, L.L.C., Ocean Prowler, L.L.C., and Golden Dawn, L.L.C. AJV continued to discuss the formation of new joint ventures corporations, and to review other investment opportunities.

5.) APICDA Vessels, Incorporated (AVI): AVI activities during the second quarter consisted of preparing and launching its fleet for the upcoming fisheries. This includes the five AP boats, the *Stardust*, the *Bonanza*, and the halibut sport charter vessel *Grand Aleutian*.

6.) Small Vessel Acquisition Program (SVAP): During the December 1998, board meeting, the SVAP was suspended. The suspension will carry through 2000 while the board reviews methods to improve the program.

7.) Atka Pride Seafoods (APS) Activities: APS commenced operations in May. Through June 30, the local fleet had harvested a total of 147,257 pounds of halibut. This compares to 98,047 pounds harvested by June 30, 1999.

8.) Puffin Seafoods, L.L.C.: St. George fishermen, fishing for Puffin Seafoods, started fishing in mid-June. The fish will be tendered to St. Paul, where Trident Seafoods processed them. Through June 30, the local fleet had harvested a total of 29,065 pounds of halibut. This compares to 25,516 pounds harvested by June 30, 1999.

9.) Nelson Lagoon Storage Company, L.L.C.: The company is open for business, and some activity is taking place.

10.) OceanLogic, L.L.C.: OceanLogic, L.L.C., completed development of new software capable of managing shoreside and mothership cooperatives in compliance with the American Fisheries Act and Steller Sea Lion rules and regulations. Software for a vessel monitoring system and an electronic logbook are also nearing completion.

11.) Bering Pacific Seafoods, L.L.C. and the Barge Dipper: The Dipper moved to False Pass in late May, and BPS commenced operations in early June. This has been a major project for AJV, and will be a huge boost to the economy and families of False Pass. The company is buying salmon and halibut.

12.) Nikolski Near Shore Resource Assessment: In 1999, APICDA initiated an assessment of the near shore fishery resources in the Nikolski area. The focus was on rockfish, sea bass, octopus, shrimp and other species. The *NIKKA D*, AJV's twenty-eight foot skiff from Atka, was deployed for the assessment. The crew is from Nikolski. The assessment will continue in 2000.

13.) Nikolski Lodge: Lindal Cedar Homes completed the basic construction of the lodge facility for the Nikolski Lodge during the second quarter. The building, slightly in excess of 4,000 square feet, is being shipped to Nikolski for on scene construction. We anticipate the lodge will open sometime in the fall of this year.

14.) Sea Urchins: APICDA submitted applications to ADF&G in April 1999, to conduct sea urchin mariculture operations at various locations in the Aleutian Islands and the Alaska Peninsula. APICDA also resumed its sea urchin resource assessment last summer.

Following several weeks of discussion with the Alaska Department of Fish & Game, APICDA withdrew its mariculture applications without prejudice. Instead, we hope to work collaboratively with ADF&G personnel to conduct a small commercial fishery in St. George this summer.

15.) Flatfish Development: APICDA continues to develop its plans to become a participant in the flatfish industry. We have retained individuals familiar with the industry and marketing to assist us. CDQ yellowfin sole harvesting occurred in the fourth quarter of 1999. Samples of various species were produced and sent to Europe for market analysis. Results of the analysis are helping to determine future directions.

16.) AJV/Snopac Products Joint Venture: AJV formed a joint venture with Snopac Products to operate the processing vessel Snopac in St. George for the opilio crab fishery. Both parties are equally sharing the risks of the operation. This was an important factor in maintaining Snopac's presence in St. George given the substantial reduction in the opilio GHF and the attendant economic impacts.

B. Outreach

APICDA staff traveled to many of our communities during the second quarter to meet with residents and discuss a wide variety of CDQ and development related issues. APICDA's human resources director, the Unalaska field representative, and the local community liaison officers met frequently to share information regarding employment, training, and other opportunities.

In May, APICDA hosted the second annual Community Outreach Conference. This was a two day meeting of the leaders from each of APICDA's eligible CDQ villages. The purpose of the conference was to discuss the future of APICDA, its subsidiaries, its impact upon each of the villages, and the goals and desires of the villages.

In June, APICDA Unalaska Field Representative David McGlashan passed away. David was a good person and a valuable employee. He will be missed.

Effective July 10, Kevin Hulse will become APICDA's human resource director. Kevin is a Tlingit from Kake. He has extensive experience in human resources.

C. Employment

See Table 8 for a quarterly and year-to-date review of employment activity.

1.) Management/Administrative: During the second quarter, there were 22 local residents who received compensation for management/administrative duties. These functions ranged from staff employment, honorariums, to Community Liaison Officers (CLO) activities. The total expended during the quarter was \$108,530.01.

2.) Direct Employment from CDQ Pollock Fishing: There were no residents employed in pollock fishing and/or processing operations at-sea on the Starbound during the quarter.

3.) Other Fishing: 5 individuals were employed as crew members in the Pacific cod fisheries. Total wages generated were \$32,588.31. 35 individuals were employed as skippers, crew members, and processing employees in the various non-pollock fisheries during the quarter. Total wages were \$74,474.23.

4.) Other Employment: 20 individuals were employed in a variety of non-direct fishery activities, including the gear storage warehouse in Nelson Lagoon, construction projects directly related to APICDA CDP projects, and other activities. Total wages generated for the second quarter (including the wages for the intern position identified below) were \$131,183.34.

5.) Interns: There was one intern during the second quarter. Since there was only one individual, the wages have been included in the "other employment" category for confidentiality reasons.

6.) Ancillary Employment and Economic Impacts: The activities of APICDA and its subsidiaries generates significant economic benefits in the region, but much of the benefit is not captured by the existing employment and earnings data tables. For example, the Bering Pacific Seafoods facility in False Pass purchases fish from resident fishermen, from fishermen living in the region (but outside the CDQ eligible community), and from fishermen living outside the region. Similarly, BPS (and other APICDA subsidiaries) employs local residents, regional residents, other Alaska residents, and non-residents. The purchase of fish and the payment of wages, whether to residents or non-residents, have an undeniable economic impact in the community. Goods are purchased with the money received and taxes are paid to the city, the borough and the state.

In future quarterly reports, we are going to make an effort to capture and report earning and purchase information for regional residents, other Alaska residents, and non-residents.

D. Training & Education

See Table 9 for a review of training and education activity.

1.) Vocational Education: During the second quarter, 37 individuals attended various vocational education or specialized training programs.

2.) Higher Education: No individuals used APICDA higher education scholarships during the second quarter of the year. Generally, each scholarship is in the amount of \$5,000 for the school year (\$2,500 per semester).

3.) Summer Intern Program: The APICDA Board of Directors has approved a major, new intern program to commence in the summer of 2000. The purpose of this program is to provide summer (or non-school time) employment opportunities to residents receiving higher education scholarships in fields of interest to them, APICDA and its subsidiaries. APICDA will offer interns employment in companies in which it has ownership, with its CDQ partners, and with other companies in a variety of occupational fields related to the needs of the Bering Sea and Aleutian Islands. Salaries and other costs will be borne in whole or part by APICDA. The work performance of interns will be evaluated on a continuing basis. Interns will be able to return to the program year after year during their college career, providing their evaluations are good and they continue to maintain eligibility for higher education scholarships. Eventually, interns could be offered full-time positions with APICDA or its subsidiaries.

This program has two current participants: one individual is employed with the law firm of Foster, Pepper, Rubini & Reeves, and the other is employed by the Aleutian Pribilof Islands Association.

E. Other Issues

There are no other issues not otherwise addressed.

III. Administration

A. Board Activities

1.) Changes in Board Members: There were no changes in board members during the quarter.

2.) Decisions/Actions: The Board of Directors for APICDA and AJV met in May. There were no other decision or actions of major consequence that are not included here or in the confidential section of this report.

3.) Schedule for Next Quarter: The next board meeting will be in the fall.

B. CDP Amendment Status

There were several plan amendments during the second quarter, including: a comprehensive modification of the 2000 budgets, reflecting the board's February actions; formation of the Bering Pacific Seafoods, L.L.C.; formation of the Dipper, L.L.C.; formation of the Konrad 1, L.L.C.; and, formation of the Nikolski Lodge, L.L.C.

IV. Fishing

A. Harvest Activities for the Quarter

1.) Pollock CDQ Harvest: The pollock "A" Season CDQ fishery was completed early in the second quarter. See Table 10 for a review of the completed fishery.

2.) Atka Mackerel and Pacific Ocean Perch CDQ Harvest: Atka mackerel and Pacific Ocean Perch CDQ fishing occurred during the second quarter. The fishery will continue in the third quarter.

See Table 10 for a review of the fishery.

3.) Pacific Cod CDQ Harvest: A significant portion of the Pacific cod CDQ fishing occurred in the second quarter. Bycatch rates of halibut were extremely low. The CDQ fishery will conclude in the third quarter.

See Table 10 for a review of the fishery.

4.) Halibut CDQ Harvests: A total of 147,257 pounds of Area 4B halibut has been harvested by local Atka fishermen this year. The catch is ahead of last year's pace.

In St. George, local fishermen harvested 29,065 pounds of the Area 4C halibut CDQ in June.

See Table 10 for a review of the fishery.

5.) Sablefish CDQ Harvests: Efforts to harvest Bering Sea and Aleutian Islands sablefish CDQ commenced during the second quarter. Year-to-date, a total of 7,050 pounds and 19,830 pounds of Bering Sea and Aleutian Islands sablefish CDQ respectively has been harvested. This is a substantial improvement over 1999 and previous years.

See Table 10 for a review of the fishery.

6.) Opilio CDQ Harvests: A total of 252,232 pounds of opilio CDQ was harvested during the second quarter. The amount harvested exceeded the quota by 356 pounds. The overage was a result of an unanticipated difference between the average weight of crab taken in previous trip and the crab harvested on the last trip (the crab were slightly larger). Since all crab were counted as they came on board, and the earlier weight estimated per crab were used, this was an inadvertent event. As yet, no citations have been received.

See Table 10 for a review of the fishery.

7.) PSC Harvest: The bycatch of prohibited species continues to be low. See Table 10 for a review of the fishery.

There were no other CDQ fisheries during the second quarter.

B. Compliance

APICDA and its partners are and were in full compliance with all NMFS and State of Alaska reporting requirements.

C. Other Fishing Issues/Activities

There were no other fishing issues or activities.

Table 1
Akutan Milestones

Project	Completion Date	Status
Initiate stevedore operations	Winter, 1998	On hold.
Initiate shoreside flatfish fillet and processing operation	Winter, 1999	Under review. Analysis underway. Market conditions are poor.
Initiate crab joint venture with Trident	Winter, 1998	Complete.
Construction of Akutan small boat moorage facility/boat harbor.	2000	\$1 million commitment by APICDA. Permitting underway.
Construct cod processing plant	2000	On hold.

Table 2
Atka Milestones

Complete construction of Atka dock.	Summer, 1997	Complete.
Purchase transient camp and other equipment.	August, 1997	Complete.
Open hotel.	Fall, 1997	Complete.
Complete expansion of water to dock.	Continuing.	Complete.
Continue water tax and pilot boat business.	Summer, 1997	Continuing.
Process sablefish CDQ	Winter, 1998	Underway.
Offer stevedore services.	Spring, 1998	On hold.
Expand processing at APS, both by species and time of year.	Summer/fall, 1998	Underway.
Double cold storage capacity at APS.	Summer, 1998	Complete.
Offer water supply service for vessels at dock.	Spring, 1999	Complete.
Commence value-added production for sablefish, halibut and cod at APS.	Summer, 1999.	Continuing.
Provide warehouse storage opportunity.	Spring, 1999	Continuing.
Add other groundfish species to APS operation	Summer, 2000	Continuing.
Provide limited vessel repair opportunity.	Summer, 2000	Continuing.
Provide fuel depot services.	Summer, 2001	Discussions underway.

Table 3
False Pass Milestones

Complete construction and locate Dipper in community for processing.	July, 1999	Complete.
Begin processing Pacific cod and salmon.	July, 1999	Underway.
Employ ten local residents in connection with Dipper operations.	July, 1999	Underway.
Purchase and process 860,000 pounds of Pacific cod.	By December 31, 1999	Underway.
Operate profitably in 1999.	December 31, 1999	No operations in 1999.
Process Pacific cod and salmon in 2000.	Year 2000	Underway.
Employ fifteen local residents in connection with Dipper operations.	Year 2000	Underway.
Purchase and process 2.9 million pounds of Pacific cod.	Year 2000	Underway.
Operate profitably in 2000.	Year 2000	Underway.
Process Pacific cod and salmon in 2001.	Year 2001	Year 2001
Employ fifteen local residents in connection with Dipper operations.	Year 2001	Year 2001
Purchase and process 2.9 million pounds of Pacific cod.	Year 2001	Year 2001
Operate profitably in 2001.	Year 2001	Year 2001

Table 4
Nelson Lagoon Milestones

Develop storage business	Spring, 1997	Complete.
Open storage business	August, 1997	Complete.
Consider construction of processing plant	Escalating	Continuing.
Complete processing plant decision-making process	Fall, 1998	Fall, 2000.
Construct processing plant (if approved)	Spring, 1999	2001.
Open processing plant.	Summer, 1999	2001 or 2002.

Table 5
Nikolski Milestones

Complete construction of concrete boat ramp in Nikolski	Spring, 1997	Completed.
Construct barge for fishermen's association	Spring, 1997	Completed.
Submit mariculture proposal.	Winter, 1999	Completed.
Commence near shore resource assessment.	Spring, 1999	Underway.
Evaluate near shore fishing opportunities	Fall, 1999	Underway.
Commence mariculture operations	Spring, 2000	Spring, 2000
Evaluate/Construct Lodge	Spring, 2000	Underway.

Table 6
St. George Milestones

Complete processing plant decision-making process	Fall, 1997	Complete.
Use Small Vessel Acquisition Program to identify boats (if processing plant decision approved)	Fall, '97 - Spring, '98	SVAP suspended for 1998/99.
Initiate gear and vessel upgrade program	Fall, '97 - Spring, '98	Complete.
Construct fish handling plant	Spring, 1998	Complete.
Open fish handling plant	Summer, 1998	Complete.
Identify Tract I tenants or generate revenue from facilities	Fall, '97 - Winter, '98	Tenant discussions continuing.
Evaluate/decide on construction of northeast side boat ramp	Summer, 1997	Decision not to proceed, Dec. 1998 board meeting.
Construct new outfall and other harbor improvements, through Kayux Development, L.L.C.	Fall, 1998	Complete.

Table 7
Other APICDA Milestones

Purchase large commercial fishing vessels	Ongoing	Continuing.
Continue Quota Share Loan Guarantee Program	Ongoing	Continuing.
Purchase Quota Shares	Ongoing	Continuing.
Complete evaluation of stevedore business joint venture	1998	On hold.
Provide annual donation to local fishermen's associations	Spring (each year)	Continuing.
Annual conference of Community Liaison Officers	Winter (each year)	Continuing.
Assessment of Product Diversification Program expansion opportunities	Ongoing	Ongoing
Develop flatfish operation.	Ongoing	In process.
Distribute annual school grants	Winter (each year)	Continuing.
Establish higher education scholarship funding levels and identify recipients	Spring (each year) Fall (each year)	Ongoing.
Continue implementation of Small Vessel Acquisition Program	Ongoing	SVAP suspended for 2000.
Assess sea urchin resource	Summer, 1997	Additional assessment in '99.
Develop mariculture proposal for Atka, Akutan, Nikolski, & False Pass	Winter, 1999	Submitted, April 1999.
Implement mariculture program	Spring, 2000	On hold.
Develop small boat fleet joint venture with Yukon Delta Longline, Inc.	Fall, 1998	Unsuccessful.
Evaluate all joint venture and subsidiary investments from a goal, objective, and profit making perspective	Quarterly	Continuing.

Table 7
Other APICDA Milestones (continued)

Initiate College Intern Program	Spring, 2000	Initiated.
Identify Internships	Spring, 2000	Initiated.
Identify Interns	Spring, 2000	Initiated.
Develop internal system to evaluate interns individually, and the program overall	Spring, 2000	Initiated.
Maintain and improve college intern program	2001 plus	2001

Table 10 (continued)
APICDA 2000 CDQ Harvest Through The Second Quarter
(Halibut, Sablefish, and Crab)

Halibut Harvest	CDQ	Allocation (lbs)	Harvest (lbs)	% of Allocation	Remaining Allocation (lbs)
	Area 4B	982,000	147,257	15.00%	834,743
	Area 4C	101,500	29,065	28.64%	72,435
	Total	1,083,500	176,322	16.27%	907,178

Sablefish Harvest	CDQ	Allocation (lbs)	Harvest (lbs)	% of Allocation	Remaining Allocation (lbs)
	Bering Sea	48,501	7,050.311	14.54%	41,450.689
	Aleutian Islands	119,048	19,830.377	16.66%	99,217.623
	Total	167,549	26,880.688	16.04%	140,668.312

Crab CDQ Harvest	Allocation (lbs)	Harvest (lbs)	% of Allocation	Remaining Allocation (lbs)
St. Matthew's King Crab	unknown	unknown	0.00%	unknown
Bristol Bay Red King Crab	unknown	unknown	0.00%	unknown
Opilio Tanner Crab	251,876	252,232	100.00%	-356
Total	251,876	252,232	100.00%	-356

Table 11
Groundfish and PSC Harvested in APICDA MSCDQ Fisheries
Which Does Not Count Against MSCDQ Allocation
(through June 30, 2000)

Pollock harvested by non-pollock vessels:

Company/vessel	Harvest (mt)	Retained (mt)	Discarded (mt)	% Retained
Fixed Gear	40.744	35.922	4.822	88.17%
Trawl Catch Processor	37.066	37.049	0.017	99.95%
Total	77.810	72.971	1.839	93.78%

PSC that does not accrue against the PSQ allocation:

	<u>Chinook</u>	<u>Non- Chinook</u>	<u>King Crab</u>	<u>Bairdi</u>	<u>Opilio</u>
Fixed Gear	0	0	77	14	3
Trawl Catcher-Processor	0	0	0	0	0
Trawl Catcher Vessel	0	0	0	0	0
Total	0	0	77	14	3
