II. COMMUNITY DEVELOPMENT

A. PROGRESS TOWARD GOALS, OBJECTIVES, MILESTONES

Initiative 1. Comprehensive Vocational and Educational Training Program

Goals: Vocational Training

Provide 15 residents with vocational training annually

Provide 1 training class to Board of Directors

Scholarship Programs

Provide 12 residents with scholarships

Internship and Apprenticeship Program

Place 6 trainees on vessels

Place 5 in internship or apprenticeship programs

Milestone:

- ◆ Fishing and Seamanship
 - 4 residents as trainees aboard catcher vessels
 - 3 residents as trainees aboard F/V Lisa Marie
- ◆ 11 Yukon Delta residents were enrolled at AVTEC this quarter
- ◆ 13 college students were enrolled and received YDFDA scholarships during this quarter
 - 9 students were attending the University of Alaska
 - 1 student was enrolled in APU's RANA Program
 - 1 student was enrolled at Boise State University
 - 1 student was enrolled at DeVry Institute of Technology
 - 1 student was enrolled at Career Academy
- ◆ 3 Internships, two at Peter Pan Seafoods and one at Icicle Seafoods

Objectives:

- ◆ Provide training to residents that they can utilize to find full time employment
- ◆ Provide financial support for students working towards undergraduate or graduate studies
- ◆ Provide on the job training to qualified residents to enable them to work into higher paying jobs on vessels and in administrative positions

TRAINING PROGRAM 1: Business and Office Technology

Seven students are enrolled in the Business and Office Technology course at AVTEC this quarter.

TRAINING PROGRAM 2: Facilities Maintenance

Three students were enrolled in the Facilities Maintenance course at AVTEC this quarter.

TRAINING PROGRAM 3: Culinary Arts

One resident was enrolled in the Culinary Arts course at AVTEC this quarter.

TRAINING PROGRAM 4: Internships

Three resident worked at internships during this quarter. Two were at Peter Pan Seafoods in Seattle and one was at Port Chatham in Everett.

TRAINING PROGRAM 5: Fishing and Seamanship

Four residents were aboard Golden Alaska's catcher vessels the F/V Ocean Leader, F/V American Beauty, F/V Vanguard and the F/V Amber Dawn during this quarter as trainees. Three residents were aboard the F/V Lisa Marie during this quarter as trainees.

Scholarship Program:

Under the Yukon Delta Scholarship Program:

Nine residents were enrolled at the University of Alaska

One resident was enrolled at the Alaska Pacific University

Under the Yukon Delta Educational Fund:

One residents was enrolled at DeVry

One resident was enrolled at Career Academy

One resident was enrolled at Boise State University

Initiative 2. Comprehensive Job Placement of YDFDA Community Residents

Goal: Place 75 residents in offshore fisheries

Place 3 residents on catcher vessels after completion of internship

Place 4 residents on the F/V Lisa Marie

Place 7 residents in jobs utilizing vocational training

Milestone:

- ◆ 29 Yukon Delta residents were first time trainees during this quarter
- ◆ 4 Yukon Delta residents continued their internships on the catcher vessels
- ◆ 14 Yukon Delta residents were re-hired during this quarter
- ◆ \$11,677 was expended for three crewmembers training aboard the F/V Lisa Marie
- ◆ \$29,818 was expended for four crewmembers training aboard the Golden Alaska catcher vessels

Objective:

- ◆ Provide employment opportunities for residents that would not otherwise be available

Golden Alaska Seafoods, Inc.

Twenty-three residents were aboard the M/V Golden Alaska for Pollock AB Season in the 1st quarter. Thirteen were first time trainees, ten were returning crew.

Golden Alaska Catcher Vessels

Four residents were aboard the Golden Alaska catcher vessels continuing an internship program.

Lisa Marie

Three residents were aboard the F/V Lisa Marie fishing for crab and preparing for cod. All three were first time trainees.

Icicle Seafoods

Two residents were aboard Icicle Seafoods' floating processors during this quarter. One was aboard the Northern Victor and one was aboard the Arctic Star. Both were returning crew.

Premier Pacific

Four residents were aboard the Ocean Phoenix during this quarter. Three were first time trainees, one was returning crew.

Aleutian Spray Fisheries, Inc.

Four residents were aboard the F/T Starbound this quarter. All four were first time trainees.

American Seafoods

Seven resident was aboard various American Seafoods vessels during this quarter. Six were first time trainees, one was returning crew.

Initiative 3. Permit Buy-Back, Fishing Vessels/Outboards Loan Guarantees and IFQ Share Purchase Program

Goal: Enable residents to purchase major equipment and/or permits needed to complete in the local fisheries.

Provide additional royalty income to YDFDA, increased fishing time and profits to vessel and increased employment to residents.

Milestone:

- ◆ IFQ purchases – YDFDA is actively seeking offers to purchase A shares for Sablefish and Halibut IFQ for fisheries appropriate to the F/V Lisa Marie and Yukon Delta's other investment goals. YDFDA received approval to purchase approximately 26,000 pounds of halibut IFQ A shares this quarter.

- ◆ The State of Alaska has declared the Yukon River salmon season a disaster for 2000. For this reason, YDFDA is not actively promoting or encouraging new salmon permit loan applications. ADF&G has made it known that there may be no commercial fishing season in 2001.
- ◆ YDFDA continues to work with the Division of Investments to execute modification agreements to refinance and delay payments for several loans in arrears due to the poor fishing. At this time no loan packages through the Division of Investments or AVCP are in default.

Objectives:

- ◆ Make available up to \$100,000 in loan guarantees for permits and vessels/outboard motors.
- ◆ Provide additional royalty income to YDFDA
- ◆ Provide increased fishing time and profits to vessels and employment to residents.

Initiative 4. Financial Support for Local Small Boat Multi-Fisheries

Goal: Provide financial support for vessel or gear modifications to participate in Norton Sound fisheries.

Milestone:

- ◆ Provide support to 16 residents to participate in Norton Sound fisheries.

Objective:

- ◆ Provide financial assistance to support private and company vessels to enable them to fish for Norton Sound herring, crab, halibut and other species.

Initiative 5. Development of Shoreside Processing Operations

Goal: Kotlik Buying Station to begin operating as buying station

Provide grant funds to assist the private sector fleet with exploratory research for commercial fisheries in proximity to the Yukon Delta

Complete planning and feasibility phase of Nunam Iqua Saltery

Milestone:

- ◆ YDFDA continued funding the Kotlik Fisheries Cooperative, Inc. In light of the recent failures of salmon runs, Kotlik is planning a village meeting to decide if projects other than fisheries related should be considered and pursued.
- ◆ Kotlik Fisheries Cooperative, Inc. is working on preparation of a gravel pad for the ice machine and generator being provided from YDFDA and YRDFA with EDA disaster funding.
- ◆ Nunam Iqua Saltery – Tribal and City Governments of Nunam Iqua will be meeting to decide if this is a feasible project in light of recent salmon disasters.
- ◆ YDFDA, in association with Yukon River Drainage Fisheries Association (YRDFA), has received final approval for disaster funds to provide ice machines and support as part of a salmon quality preservation project in Marshall, Mountain Village and Kotlik and provide insulated totes and shipping liners to Emmonak and other villages. This project is being supported with Economic Development Administration Disaster Funding. It is anticipated that the fish totes will be purchased and shipped in May.

Objective:

- ◆ Development of local community value-added operations
- ◆ Explore for commercial quantities of fish to be harvested by local residents.

Initiative 6. Joint Venture Investments in Offshore Catcher/Processor Vessels

Goal: Joint ventures to purchase and jointly operate catcher and catcher/processor vessels in both open access and CDQ fisheries for all fisheries.

Create additional jobs and long-term employment opportunities

Milestone:

- ◆ YDFDA is actively pursuing an investment in a Longline catcher/processor. Analysis of this project is continuing and several potential partners have submitted proposals for YDFDA for consideration. YDFDA has identified several potential investment alternatives. YDFDA will analyze the 2000 financial statements from these possible investments and make a final decision on which investment or investments best suit YDFDA.
- ◆ Investment in a crab catcher vessel. This project has been delayed due to the adverse impact of the reduction in crab GHJ in the Bering Sea. Several possible investments are being taken into consideration. Analysis of a vessel offered to YDFDA by Peter Pan Seafoods was undertaken and the vessel rejected.

- ◆ Provided Yukon Delta residents with fishing positions aboard the F/V Lisa Marie and Golden Alaska catcher vessels fishing both CDQ and open access.

Objective:

- ◆ To own and operate YDFDA's own fleet of vessels to prosecute the fisheries in the North Pacific.
- ◆ Establish a fleet of combination catcher and catcher/processor vessels to fish open access as well as CDQ fisheries in the Bering Sea.
- ◆ Maximize the employment and payroll benefits derived by local fishermen from open access and CDQ harvests.
- ◆ Protect YDFDA's equity.

Initiative 7. Financial Support of Community Economic Development of Small Business Fisheries Infrastructure

Goal: To develop local marine service facilities and fisheries business infrastructure to support the fishing industry.

Milestone:

- ◆ YDFDA continues to provide funds to leverage a State of Alaska ARDOR grant award to allow for the continued operation of the LYEDC ARDOR. LYEDC goals are to:
 1. Expand business opportunities for residents in the region
 2. Include additional communities in the Champion Community Program
 3. Ensure region residents access to a local training facility
 4. Develop an overall economic plan for the region.

These goals fall in line with YDFDA's goals and it is anticipated that YDFDA will continue to provide leveraged funding to this local ARDOR.

A recent application for funding to the U.S. Economic Development Administration (EDA) to develop regional training facilities in St. Mary's for the benefit of residents of the entire area submitted by LYEDC and others has been turned over to entities from the villages of St. Mary's and Andreafsky for follow-up. This project has now been accepted by EDA as one of the projects for final study and possible funding.

- ◆ The Skiff and Sled Building Program began full production this quarter in Alakanuk. This is the first facility of its kind on the Yukon. Four Yukon Delta residents have been involved in this program. This quarter they built five skiffs and two sleds as well as doing repairs for residents. Skiffs are being advertised for sale in all communities of the lower Yukon as part of our

outreach program. Loans can be financed through the Division of Investments or AVCP. YDFDA will guarantee up to 40% of loans made through the Division of Investments for YDFDA built skiffs and YDFDA built skiff/motor packages. Loan applications have been sent to the village representatives for potential applicants.

- ◆ Sponsored one resident from each member community to testify at the Alaska State Board of Fisheries meetings in Anchorage.

Objective:

- ◆ Fund community and individual projects that provide development opportunities in the lower Yukon
- ◆ Teach salmon quality preservation techniques to fishermen assuring higher quality fish with higher prices.

B. OUTREACH

We have continued our village representative program in our six villages, Alakanuk, Emmonak, Grayling, Kotlik, Mountain Village and Nunam Iqua. The village representatives work in the community to provide information regarding employment opportunities and training positions and administer drug tests to applicants. They also have applications and information on the scholarship programs and loan applications from both the Division of Investments and the AVCP Revolving Loan Program.

YDFDA's newsletter, the "Yukon Drifter", is being published quarterly. It is mailed to every household in member communities.

The training and employment coordinator is located at our Emmonak office. His duties include finding and filling inshore/offshore training and employment opportunities as well as training and educational opportunities at AVTEC, Alaska Pacific University, Sheldon Jackson College, all branches of the University of Alaska, and other learning institutes that meet the qualifications of our Scholarship program. This person administers YDFDA's scholarship programs and YDFDA's permit and gear loan programs through the Division of Investments and the AVCP Revolving Loan Programs. YDFDA feels it is important to administer these programs from the villages so residents have easy access to the programs they are most interested in.

We are working with the community of Marshall a, non-CDQ member village, to provide an ice machine under our Salmon Quality Preservation Project using EDA Disaster Funding. Approval for this project has recently been received.

Additionally YDFDA continues to work with other communities of the Yukon who are not members of CDQ communities by our continuing financial support of the Lower Yukon Economic Development Corporation (ARDOR).

YDFDA is working with State and Federal Agencies and the Calista corporation to host a Funding and Jobs Summit to be held at St. Marys this spring. This summit will include four non-CDQ villages.

The attached announcements were posted in the villages during the second quarter.

D. Other Fishing Issues/Activities

M/V Golden Alaska , F/V American Beauty and F/V Ocean Leader

A-B Pollock harvest was finished during the quarter on March 28th. The catcher vessels also harvested their inshore Pollock as well.

F/V Lisa Marie

Fished open access and CDQ Opilio crab during the quarter. It harvested 317,489 pounds of the quota or 99.47 %.

32-Foot Vessel

YDFI owns one 32-foot bow picker. This vessel is currently in storage, dry-docked in Nome.
