TO Alaska Local Boundary Commission DATE 9/24/07
SUBJECT Comment on preliminary report on Wrangell Borough

Commission Members:

I have lived in Wrangell, have property in the proposed borough and now live in Petersburg — all this since 1957.

It's crazy that we get more & more government — these two towns (and Myers Chuck & Kake) should be in one borough if we must have one. Do your job and insist that these city administrators drop their petty differences and work together. I am opposed to making two side by side little boroughs around here.
