Division of Corporations, Business and Professional Licensing

The division maintains the Alaska professional and business license databases. Information contained in each database is updated daily throughout the normal workday as changes occur.

The professional license database contains over 35 different types of professional and occupational licenses (i.e., medical, nursing, real estate, hairdressers, construction contractors, etc.).

The business license database contains over 50,000 records on current licenses.

Both professional and business license information may be downloaded, at no charge, from the division's website at: www.commerce.state.ak.us/occ

Click on "Download List of License Holders" for professional license information

Click on "Search Business Licenses" for business license information.

A copy of the business license database may be purchased on CD-ROM for \$100.00.

A copy of the professional license database may be purchased for an additional \$100.00 (same \$100.00 price regardless of the number of professional types requested).

To order the databases on CD, please submit a written request:

1. identifying business or professional database requested (if professional database requested, specify the profession type requested (i.e., medical, etc), otherwise all professions will be provided);
2. whether the file is to be fixed length or tab delimited;
3. check or money order made payable to State of Alaska; and
4. an air bill or authorization number to charge if the CD is to be returned via courier; otherwise, the CD will be returned via regular first class mail. (The information may also be returned via email. Provide email address if choosing this method.)

Please send your CD request(s) with the applicable fee(s) to:
