

# State Medical Board

The Alaska State Medical Board requires the successful passage of a national qualifying examination series for licensure. The following examination combinations are acceptable:

The board will accept the following combinations of examinations described in 12 AAC 40.020 if successfully completed before January 1, 2000:

- (1) (NBME part one or USMLE step one) plus (NBME part two or USMLE step two) plus (NBME part three or USMLE step three);
- (2) (FLEX component one) plus (USMLE step three); or
- (3) (NBME part one or USMLE step one) plus (NBME part two or USMLE step two) plus (FLEX component two).

If you are currently in medical school, below is the contact information to register to sit for the USMLE examinations:
