**INSTRUCTIONS FOR APPLICATION FOR ALASKA CERTIFICATE OF AUTHORIZATION
FOR CORPORATE, LIMITED LIABILITY COMPANY (LLC), OR LIMITED LIABILITY PARTNERSHIP (LLP)
PRACTICE OF ARCHITECTURE, ENGINEERING,
LAND SURVEYING, OR LANDSCAPE ARCHITECTURE**

1. Read Alaska Statutes and Regulations for Architecture, Engineering, Land Surveying, and Landscape Architecture, in particular AS 08.48.241 CORPORATIONS, LLC, LLP, and 12 AAC 36.135. REVIEW OF APPLICATION FOR CORPORATE, LLC, OR LLP AUTHORIZATION (see attachment).
2. Complete Form 08-610, APPLICATION FOR CERTIFICATE OF AUTHORIZATION FOR CORPORATE, LLC, OR LLP PRACTICE OF ARCHITECTURE, ENGINEERING, LAND SURVEYING, OR LANDSCAPE ARCHITECTURE and mail to the address at the top of this page.

APPLICATION MUST BE TYPED AND MUST INCLUDE THE FOLLOWING:

1. Fee of \$175, made payable to State of Alaska.
2. List of ALL business names under which the corporation, LLC, or LLP provides services.
3. Certified notarized copy of amendment to bylaws, which includes provisions under AS 08.48.241(b)(1). See sample amendment attached.
4. Certified notarized copy of resolution of corporation's board of directors, LLC's managing members or manager, or LLP's general partners designating person(s) holding certificates of registration to practice in Alaska as being in responsible charge of each branch of corporate, LLC, or LLP practice, as specified under AS 08.48.241 (a) (2) and (3). All persons designated in responsible charge must hold a **current** Alaska registration. See sample resolutions attached.
5. Evidence the corporation, LLC, or LLP has the ability to provide architectural, engineering, land surveying, or landscape architectural services by stating the experience of the corporation, LLC, or LLP during the preceding five-year period, or any other information which reflects the corporation, LLC, or LLP's ability to provide services, such as company brochures, etc. If this is a new corporation, LLC or LLP this is not required.
6. Certified statement from person(s) designated as being in responsible charge. See sample statement attached.

**ALASKA BOARD OF REGISTRATION FOR ARCHITECTS, ENGINEERS,
AND LAND SURVEYORS' STATUTES AND REGULATIONS
CONCERNING CORPORATE CERTIFICATE OF AUTHORIZATION**

Sec. 08.48.241. Corporations, limited liability companies, and limited liability partnerships. (a) This chapter does not prevent a corporation, limited liability company, or limited liability partnership from offering architectural, engineering, land surveying, or landscape architectural services; however, the corporation, limited liability company, or limited liability partnership shall file with the board

(1) an application for a certificate of authorization upon a form to be prescribed by the board and containing information required to enable the board to determine whether the corporation, limited liability company, or limited liability partnership is qualified in accordance with the provisions of this chapter to offer to practice architecture, engineering, land surveying, or landscape architecture in this state;

(2) a certified copy of a resolution of the board of directors of the corporation, the managing members or manager of the limited liability company, or the general partners of a limited liability partnership designating persons holding certificates of registration under this chapter as responsible for the practice of architecture, engineering, land surveying, or landscape architecture by the corporation, limited liability company, or limited liability partnership in this state and providing that full authority to make all final architectural, engineering, land surveying, or landscape architectural decisions on behalf of the corporation, limited liability company, or limited liability partnership with respect to work performed by the corporation, limited liability company, or limited liability partnership in this state is granted by the board of directors of the corporation, the managing members or manager of the limited liability company, or the general partners of the limited liability partnership to the persons designated in the resolution; however, the filing of this resolution does not relieve the corporation, limited liability company, or limited liability partnership of any responsibility or liability imposed upon it by law or by contract;

(3) a designation in writing setting out the name of one or more persons holding certificates of registration under this chapter who are in responsible charge of each major branch of the architectural, engineering, land surveying, or landscape architectural activities in which the corporation, limited liability company, or limited liability partnership specializes in this state; if a change is made in the person in responsible charge of a major branch of the architectural, engineering, land surveying, or landscape architectural activities, the change shall be designated in writing and filed with the board within 30 days after the effective date of the change.

(b) Upon filing with the board the application for certificate of authorization, certified copy of resolution, affidavit, and designation of persons specified in this section, the board shall, subject to (c) of this section, issue to the corporation, limited liability company, or limited liability partnership a certificate of authorization to practice architecture, engineering, land surveying, or landscape architecture in this state upon a determination by the board that

(1) the bylaws of the corporation, the articles of organization or operating agreement of the limited liability company, or the partnership agreement of the limited liability partnership contain provisions that all architectural, engineering, land surveying, or landscape architectural decisions pertaining to architectural, engineering, land surveying, or landscape architectural activities in this state will be made by the specified architect, engineer, land surveyor, or landscape architect in responsible charge, or other registered architects, engineers, land surveyors, or landscape architects under the direction or supervision of the architect, engineer, land surveyor, or landscape architect in responsible charge;

(2) the application for certificate of authorization states the type of architecture, engineering, land surveying, or landscape architecture practiced or to be practiced by the corporation, limited liability company, or limited liability partnership;

(3) the applicant corporation, limited liability company, or limited liability partnership has the ability to provide architectural, engineering, land surveying, or landscape architectural services;

(4) the application for certificate of authorization states the professional records of the designated person who is in responsible charge of each major branch of architectural, engineering, land surveying, or landscape architectural activities in which the corporation, limited liability company, or limited liability partnership specializes;

(5) the application for certificate of authorization states the experience, if any, of the corporation, limited liability company, or limited liability partnership in furnishing architectural, engineering, land surveying, or landscape architectural services during the preceding five-year period;

(6) the applicant corporation, limited liability company, or limited liability partnership meets other requirements related to professional competence in the furnishing of architectural, engineering, land surveying, or landscape architectural services as may be adopted by the board in furtherance of the objectives and provisions of this chapter.

(c) The board may, in the exercise of its discretion, refuse to issue, or may suspend or revoke a certificate of authorization to a corporation, limited liability company, or limited liability partnership if the board finds that any of the corporation's officers, directors, or incorporators, any of the stockholders holding a majority of the stock of the corporation, any of the limited liability company's organizers, managers, or managing members, or any of the limited liability partnership's general partners has committed misconduct or malpractice, or has been found personally responsible for misconduct or malpractice under the provisions of this chapter.

(d) The certificate of authorization must specify the major branches of architecture, engineering, land surveying, or landscape architecture of which the corporation, limited liability company, or limited liability partnership has designated a person in responsible charge as provided in this section. The certificate of authorization shall be conspicuously displayed in the place of business of the corporation, limited liability company, or limited liability partnership, together with the names of persons designated as being in responsible charge of the professional activities.

(e) If a corporation, limited liability company, or limited liability partnership that is organized solely by either a group of architects, a group of engineers, a group of land surveyors, or a group of landscape architects, each holding a certificate of registration under this chapter, applies for a certificate of authorization, the board may, in its discretion, grant a certificate of authorization to the corporation, limited liability company, or limited liability partnership based on a review of the professional records of the incorporators of the corporation, organizers of the limited liability company, or partners who formed the limited liability partnership, in place of the required qualifications set out in this section. If the ownership of the corporation is altered, the membership of the limited liability company is altered, or the partners of the limited liability partnership change, the corporation, limited liability company, or limited liability partnership shall apply for a revised certificate of authorization, based upon the professional records of the owners of the corporation, the members of the limited liability company, or the partners of the limited liability partnership, if exclusively architects, engineers, land surveyors, or landscape architects, or otherwise under the qualifications required by (b)(1) - (4) of this section.

(f) A corporation, limited liability company, or a limited liability partnership authorized to offer architectural, engineering, land surveying, or landscape architectural services under this chapter, together with its directors, officers, managing members, manager, and partners for their own individual acts, is responsible to the same degree as the designated individual registered architect, engineer, land surveyor, or landscape architect, and shall conduct its business without misconduct or malpractice in the practice of architecture, engineering, land surveying, or landscape architecture as defined in this chapter.

(g) If the board, after a proper hearing, finds that a corporation, limited liability company, or limited liability partnership holding a certificate of authorization has committed misconduct or malpractice, the board shall suspend or revoke the certificate of authorization. The board shall also suspend or revoke the certificate of registration of any registered individual architect, engineer, land surveyor, or landscape architect who, after a proper hearing, is found by the board to have participated in committing the misconduct or malpractice.

(h) Drawings, specifications, designs, and reports, when issued in connection with work performed by a corporation, limited liability company, or limited liability partnership under its certificate of authorization, shall be prepared by or under the responsible charge of and shall be signed by and stamped with the official seal of a person holding a certificate of registration under this chapter.

12 AAC 36.135. REVIEW OF APPLICATION FOR CORPORATE, LIMITED LIABILITY COMPANY OR LIMITED LIABILITY PARTNERSHIP AUTHORIZATION. An applicant who meets the requirements on the checklist established by the board in this section has demonstrated the necessary qualifications for a certificate of authorization for corporate, limited liability company or limited liability partnership practice. An applicant who does not meet the requirements on this checklist or whose responses on the application form do not clearly show that the applicant is qualified to receive a certificate of authorization will not be issued a certificate unless the board further reviews the application and determines that the applicant meets the qualifications in AS 08.48.241 for a certificate of authorization. A certificate of authorization for corporate, limited liability company or limited liability partnership practice will be issued to an applicant who submits

(1) a completed form for application that includes the

(A) name and address of the corporation, limited liability company, or limited liability partnership;

(B) type of architecture, engineering, land surveying, or landscape architecture practiced by the corporation, limited liability company, or limited liability partnership;

(C) name and current Alaska registration number of the registrant who will be in responsible charge for the activities of the corporation, limited liability company, or limited liability partnership in this state of each branch of practice requiring registration under AS 08.48;

(D) names of the majority stockholders of the corporation, limited liability company, or limited liability partnership;

and
(E) signature and title of an agent authorized by the corporation, limited liability company, or limited liability partnership, to apply for corporate, limited liability company, or limited liability partnership authorization under this chapter.

(2) the corporation, limited liability company, or limited liability partnership certification fee in 12 AAC 02.110;

(3) a certified copy of a resolution of the board of directors of the corporation, limited liability company, or limited liability partnership that

(A) designates an individual with a current registration in this state as responsible for each field of practice; and

(B) provides that full authority to make all final practice decisions on behalf of the corporation, limited liability company, or limited liability partnership for work performed by the corporation, limited liability company, or limited liability partnership in this state is granted by the board of directors to the individual designated in the resolution as responsible for the relevant field of practice;

(4) a copy of the bylaws of the corporation, limited liability company, or limited liability partnership showing that the corporation, limited liability company, or limited liability partnership has complied with the requirements in AS 08.48.241(b)(1);

(5) *repealed*

(6) a statement of the experience of the corporation, limited liability company, or limited liability partnership in each field of practice of architecture, engineering, land surveying, or landscape architecture during the five years before the date of application.

APPLICANT CHECKLIST

Registration for Corporate, Limited Liability Company (LLC), or Limited Liability Partnership (LLP) Certificate of Authority

State of Alaska, Board of Registration for Architects, Engineers, and Land Surveyors
P.O. Box 110806
Juneau, AK 99811-0806

Phone: (907) 465-2540 Fax: (907) 465-2974

There are three steps to bringing a corporation, LLC, or LLP into compliance if architectural, engineering, land surveying, or landscape architectural services are offered in the State of Alaska:

- Obtain certificate, if required, from the Division of Corporations, Business and Professional Licensing showing registration in Alaska. Corporations can be reached at (907) 465-2530, or from its website at www.commerce.state.ak.us/occ/home.htm. To determine if your corporation, LLC or LLP is required to obtain a certificate from the Division of Corporations, please go to <http://www.commerce.state.ak.us/bsc/foreign.htm>. There is listed on that website the activities that do not constitute transacting business in Alaska, and therefore, do not require a certificate from the Division of Corporations.
- Obtain Certificate of Authority from Corporations, Business and Professional Licensing, Board of Architects, Engineers & Land Surveyors (AELS) authorizing your company to offer architectural, engineering, land surveying, or landscape architectural services in Alaska. The AELS Board can be reached at (907) 465-2540, or from its web site at www.commerce.state.ak.us/occ/pael.cfm.
- Obtain business license from the Business Licensing section of Corporations, Business and Professional Licensing. Business Licensing can be reached at (907) 465-2550, or from its web site at www.commerce.state.ak.us/occ/home.htm.

Please use this checklist to assure that you have completed and enclosed all required documentation.

1. Complete application. (Available in interactive form on web site at www.commerce.state.ak.us/occ/pael.cfm. (Form No. 08-610.)
2. Fees: \$175 payable to State of Alaska. (\$50 application fee; \$125 biennial registration fee.)
3. If not registered, organized or incorporated through Alaska's Division of Corporations, provide a copy of the corporation's Certificate of Incorporation, the LLP's Certificate of Registration or the LLC's Certificate of Organization issued from another jurisdiction.
4. Certified NOTARIZED copy of corporation's amendment to bylaws, LLC's articles of incorporation or operating agreement, or LLC's partnership agreement showing compliance with AS 08.48.241(b)(1) (statement that the person(s) designated in responsible charge for each profession have full authority to make decisions on behalf of the corporation, LLC, or LLP with regard to that profession).
5. Certified NOTARIZED copy of resolution by the corporation's board of directors, the LLC's managing members or manager, or the LLP's general partners designating person(s) in responsible charge for each field or branch of service offered.
6. Documentation of corporation, LLC, or LLP's experience (if any), i.e., a company brochure or statement of experience.
7. Certified statement from person(s) designated as being in responsible charge.
